**Original Recommendations from group 1 at the TheMHS Consumer Day 2010**

6 of the 253 consumers attending the day participated in this group.

**Rec No 1**: Ongoing coordinated training between mental health teams, police and ambulance that is ongoing and sustainable.

**Rec No 2**: Workable partnership, true partnerships between local Mental Health teams, police and ambulance.

**Rec No 3**: Ongoing conversations at a local level between consumers advocacy groups and their families and the police.

Leonie Manns was the Recovery Bus Coordinator for the group. Leonie’s email is lmanns13@bigpond.com

**Feedback since the Consumer Day:**

Since the 2010 Sydney TCD 60 people have responded through survey monkey 40 people agreed and 1 person disagreed with the recommendations put forward by the working group. 12 people made comments on the recommendations

**Comments from working group**

The working group has reviewed the 12 comments supplied through Survey Monkey and suggests that this issue is relevant because consumers are still being transported to hospital inappropriately.

**Rewording suggestions for Recommendations:**

After considering the comments and feedback from Survey monkey the working group endorse the following: in Rec No 2 include ‘s’ on partnerships and remove ‘s’ from consumers in Rec No 3

**Other issues for working party consideration/discussion:** Nil at this stage
