subject line: Older People Workshop

Workshop

Workforce Development for Mental Health and Addictions for Older Adults hosted by the four regional New Zealand Workforce Coordinators. This will be an opportunity for anyone working or interested in mental health and addictions work for Older Adults to discuss workforce development needs and issues, to understand the development of competencies, and to identify opportunities for further workforce development initiatives for this part of the sector.

It will provide an opportunity to gain knowledge from leaders in this field regarding some of the current initiatives and build networks with others from similar workplaces.

Programme:
