ART EXHIBITION SPECS & COSTS

Finances

TheMHS Learning Network does not pay the cost of mounting an art exhibition/display at the conference. This has not been costed into the conference budget and must be funded by a source other than TheMHS.

Space

Whether space for an art exhibition/display is available at TheMHS annual conference, is dependent on the size of the conference venue and the spaces available for hiring at the venue. Sometimes the catering/display area available does not allow for conference posters as well as an art exhibition, depending on the size of the venue.

Security

TheMHS Conference and the Convention Centre cannot guarantee the security of art pieces. The exhibition/display area is not secured overnight even when the doors to the room and the venue are locked.

Publicity

All issues with regard to hire and cost of display stands, space requirements, insurance and security must be agreed prior to confirmation of the art exhibition/display. Details of the art exhibition/display will only be included in the conference registration flyer after the confirmation of these details.
